Thomson, Thomas Kennard

Sept. 1915

September 15th, 1915

Dr. T. Kennard Thomson,

50 Church Street,

New York.

Dear Dr. Thomson:

I shall be much interested in seeing the prints showing the new Niagara project. They have not yet arrived. We are to have a special Convocation on the 28th of this month to give honorary degrees to half a dozen Americans in connection with the celebration of the Peace Centenary, - Dr. Choate, Mr. Stewart, Mr. Barber, Nicholas Murray Butler and Mr. Osborne. It should be quite an interesting event.

What a terrible accident that was which took away Dr. Gould. It came to me as a great shock, but to-day we are getting such heavy blows in thick succession that the individual case is almost overlooked in the multitude.

Please give my kind regards to Mrs. [illegible].

Yours sincerely,

President.

Dr. Robert A. Falconer,
President,
University of Toronto,
Toronto, Ont.

Dear Mr. President:-

When in your office I observed that you had honored me by keeping the pictures of our proposed International Peace Bridge, designed by myself.

I now take the liberty of sending by parcel post, framed copies of the same photos, and you can throw the old ones into the waste paper basket.

As these are being sent to you at the University, I suppose that there will be no duty, especially as the actual cost of these copies is very small.

If I am mistaken, however, please advise me and I will cheerfully pay the duty.

Yours respectfully,

T. Kennard Thomson

Dr. T. Kennard Thomson,

50 Church Street,

Toronto.

Dear Dr. Thomson:

If you find it convenient to be in Toronto on the 28th we shall be glad to see you at the various ceremonies connected with the granting of the degrees.

With kind regards, I am,

Yours sincerely,

President.
